## TITLE IN SPANISH, ENGLISH OR PORTUGUESE (Times New Roman 14 pt, N)

Author<sup>1</sup>, Author<sup>2</sup>..., Author<sup>n</sup> (Times New Roman 11 pt)

Affiliation and address of the authors (Times New Roman 10)

<sup>1</sup>Authors academic degree (PhD MSc, etc.), affiliation, city, country and email (corresponding author) (Times New Roman 10 pt, I)

### Abstract (12 pts, N)

Abstracts should be informative, with up to 250 words, and give an overview of the content of the article and should be composed of purpose, methods, results and discussion, conclusions and finally key words. Abstracts must be written in English (10 pts, I)

Keywords: de tres a cinco (10 pts, I)

### Introduction (12 pts, N)

The objective of this model is to standardize the format of the papers sent to the 4<sup>th</sup> Congreso de Ingeniería, Ciencia y Gestión Ambiental and the 5<sup>th</sup> International Conference of the Greening of Industry Network. The complete works should have a maximum of 2000 words (between 4 and 5 pages including tables, figures and references).

The text should be written in a text editor (Microsoft Word, OpenOffice or others) and should have a maximum size of 1 MB. The pages should not be numbered.

The font is Times New Roman 11, line spacing of 1.15 and front and back spacing of 6 pt. Italics should be used instead of underlining. The margins will have the following measures: upper and lower 2.5 cm, left and right 3 cm. The size of the sheet should be "letter".

Table 1 shows the general content of the technical work, as well as the content that is expected to be found. This format must be followed for the tables included in the work: Name and number in the upper part, references. (11 pts)

**Table 1. Indications for each section of the summary**

Section	Content
Abstract	Maximum 250 words, overview of the content of the work highlighting the most important of each section. It must be written in English..
Introduction	It must justify the relevance of the work

Section	Content
Objective	They should be concise
Methodology	It must be oriented to the fulfillment of the objectives. It will describe how the research was carried out, mentioning standards, names of laboratories, institutions, organizations and equations.
Results and Discussion	The results must be clearly expressed and accompanied by the discussion of them.
Conclusions	They must be clear, relevant to the area of knowledge.
Acknowledgments*	This section is optional.
References	The APA format will be used for citations and references. That is, the appointments will be accompanied by the author's surname and the year of publication (Surname, 2018).

### Objectives (12 pts, N)

Include the objectives that guide the investigation. (11 pts)

### Methodology (12 pts, N)

Describe in detail the methodology. (11 pts)

### Results and Discussion (12 pts, N)

In case of including figures, these should be numbered at the bottom of it and referenced in the text. Figure 1 shows an example of the above. (11 pts).

Figure 1. Preliminary tab that should include the summary on the top

**Conclusions (12 pts, N)**

**References (12 pts, N)**
